

# *Tried and True!*

## 5 Stage Reverse Osmosis!

Simple and compact, these high output residential RO's are available in multiple configurations. Featuring genuine Pentek filter housings, USA made 5 $\mu$  sediment filters, high capacity USA made carbon blocks, high rejection membranes, Original John Guest fittings, USA made Aquatec Pumps and switches, and other quality brand names. Only the best components are used to manufacture the Vegas Valley Plumbing RO systems! Assembled and performance tested in the USA! For use with any of our pressurized RO storage tanks to meet your water usage needs.

◆ **Pentek filter housings** ensures years of reliable service!

◆ **USA Pre-Filters** from high quality suppliers, no more strange odors, or problems caused by low quality imports.

◆ **USA Post Filter** from Omnipure, the leader in high end water filtration!

◆ **High Capacity Storage Tank**, without the filmy damage that robs fine crystal of its beauty

◆ **No More Bottles** taking up landfill space! Gallons of water for pennies!
